

Peer-graded Assignment: Module 4 Coding Assignment

Submit by October 23, 11:59 PM PDT

Important Information

It is especially important to submit this assignment before the deadline, October 23, 11:59 PM PDT, because it must be graded by others. If you submit late, there may not be enough classmates around to review your work. This makes it difficult - and in some cases, impossible - to produce a grade. Submit on time to avoid these risks.

Good luck!

-Yaakov

P.S. If you are falling behind meeting assignment deadlines, don't give up! It's really NOT a problem! Refer to the Grading reading at the beginning of Module 1 to review your options.

Review criteria

less ^

This is a pass or fail assignment. If the required functionality works, you pass. If it doesn't, it's marked as failed. (I.e., try again).
